³ "The Harmful Psychological Effects of the Washington Football Mascot," Michael A. Friedman, Ph.D., October 16, 2013.

- 30 WHEREAS, not only many professional, semi-professional, amateur, collegiate,
- and high and grade school sports teams throughout the United States but also
- 32 (and particularly egregiously) the highly visible professional football team located
- in our nation's capital still employs racially derogatory and demeaning symbols,
- 34 mascots, and names;
- 35
- 36 WHEREAS, the Merriam-Webster Dictionary defines "redskin" as a "usually
- offensive" term to describe American Indians and this term, when used in
- reference to Native American cultures and people, has a history of use as a
- ³⁹ pejorative and insulting name⁴;
- 40 WHEREAS, the term "redskins" would not properly be used by a person when
- visiting the home of a Native American and should not be used to market a
- 42 professional sports team;
- 43

44 WHEREAS, the use of the term "Redskins" for the team mascot and nickname of

- 45 the Washington National Football League team is offensive and hurtful to many
- 46 Native Americans and causes direct harmful effects to the public health and well
- ⁴⁷ being of the Native American population⁵; and
- 48
- 49 WHEREAS, every major Native American organization, along with hundreds of
- clergy, churches, civil rights organizations, media outlets, sports writers and
- journalists, authors, and elected officials (including the President of the United
- 52 States), has voiced support for changing the team name;
- 53
- THEREFORE, BE IT RESOLVED that the Central Atlantic Conference calls upon the
 National Football League's Washington franchise to change its team name and to
 refrain from the use of any images, mascots, or behaviors that are or could be
 deemed harmful or demeaning to Native American cultures or peoples;
